

SAND SPRINGS TO PUT ON SHOW

Wild West Program Is
Planned for Three Days
Beginning the 17th.

AUSPICES OF LEGION

Indians and Cowboys and
Bill Hart's Pony Will Be
Features the Roundup.

To provide funds with which to erect a clubhouse for its members, St. Michael post No. 17, American Legion of Sand Springs, will inaugurate a three-day wild-west program at Sand Springs beginning on June 17.

From the fact that the proposed event does not conflict in date with other scheduled programs of like kind but precedes by a few days several round-ups to be held in this section, St. Michael post has been able to procure the best riders of the southwest for its show. Contests each afternoon will take place among these riders. Plain and fancy riding feats, riding and roping wild Texas steers in all the ways known to the experienced cowboy, rope spinning and strictly wild horse racing will be indulged in.

A band of Oklahoma Indians each day will render a stomp dance. Each night of the exhibition a street dance will be held on the pavements of Sand Springs, the city having given its authority for vacating the thoroughfares to travel. Sand Springs St. Michael post has a membership of 150. The proposed clubhouse will be located in the city proper. The building site has been procured by the post.

A. G. Shriver, champion Roman rider of California since 1907, when in a thrilling race he defeated Mr. Casper, champion for four years, will ride the famous pony used by William S. Hart. Mr. Shriver will ride and rope from Prince, the famous spotted pony. Flora, the educated mare, will entertain with an act that defies human intelligence. The great Shriver challenges any man to a Roman race in which he will ride without saddles or pads and the horses hitched only at the bit. A thrilling and spectacular feat of daring horsemanship you can not afford to miss.

TO PROTEST FREIGHT RATES

Shippers Will be Represented at
Hearing in Capitol Tuesday

OKLAHOMA CITY, June 12.—Protests from virtually all shippers' organizations in the state are expected Tuesday at the hearing of the petition of railroads for increased freight rates on shipments within the state before the corporation commission. Members of the commission said today. The proposed change would increase rates 15 per cent. It is said. Motion for the increase was made by F. A. Leland of St. Louis, representing all railroads in the state. The change would affect class rates on less than carload shipments.

Will return from post graduate work June 3 much better prepared to serve you.

A direct result of the decline in prices which began in Japan with huge money rates, making a financial cataclysm which for a few days closed markets and exchanges in Tokio.

Two-thirds of the large number of silk stockings are from this purchase; the remainder are marked down from our own stocks. The purchase comes from a jobber who controls the output of more

hosiery mills of any man of whom we know who is not a manufacturer himself. This man closed out all stocks on hand when the silk markets broke. \$2.70 and \$3.35 represent almost exactly the actual cost of making these stockings.
